1-2

Guiding Rails

Naturo 68 is a system of wooden sliding doors. Made of carefully selected, laminated wood, it provides excellent thermal parameters. Additional protection and durability is ensured by several layers of high-class varnish coatings.

The colour palette presented on the Eko-Okna's website is for illustrative purposes only and cannot be a clear reference to the actual colours or wood grain. As the most reliable source of colours, we recommend the sample provided by our partner, Teknos.
